It may pay you to believe this and get the medicine without delay. Dr. A. T. Shallenberger, Rochester, Pa., will send it by mail for one dollar.

A Poverty-stricken Millionaire!

This seems a paradox, but it is explained by one of New York's richest men. "I don't count my wealth in dollars," he said. "What are all my possessions to me, since I am a victim of consumption? My doctor tells me that I have but a few months to live, for the disease is incurable. I am poorer than that beggar yonder." "But," interrupted the friend to whom he spoke, "consumption can be cured. If taken in time, Dr. Pierce's Golden Medical Discovery will eradicate every vestige of the disease from your system." "I'll try it," said the millionaire, and he did; and to-day there is not a healthier, happier man to be found anywhere. The "Discovery" strikes at the seat of the complaint. Consumption is a disease of the blood—is nothing more nor less than lung-scurf—and it must and does yield to this wonderful remedy. "Golden Medical Discovery" is not only an acknowledged remedy for that terribly fatal malady, when taken in time and given a fair trial, but also for all forms of Scrofulous, Skin and Scalp Diseases, as White Swellings, Fever-sores, Hip-joint Disease, Salt-rheum, Tetters, Eczema, Boils, Carbuncles, Erysipelas and kindred ailments.

PURIFY YOUR BLOOD.

But do not use the dangerous alkaline and mercurial preparations which destroy your nervous system and ruin the digestive power of the stomach. The vegetable kingdom gives us the best and safest remedial agents. Dr. Sherman devoted the greater part of his life to the discovery of this reliable and safe remedy, and all its ingredients are vegetable. He gave it the name of

Prickly Ash Bitters!

a name everyone can remember, and to the present day nothing has been discovered that is so beneficial for the BLOOD, for the LIVER, for the KIDNEYS and for the STOMACH. This remedy is now so well and favorably known by all who have used it that arguments as to its merits are useless, and if others who require a corrective to the system would but give it a trial the health of this country would be vastly improved. Remember the name—PRICKLY ASH BITTERS. Ask your druggist for it. PRICKLY ASH BITTERS CO., ST. LOUIS, MO.

Habitual Costiveness

Causes derangement of the entire system, and begets diseases that are hazardous to life. Persons of costive habit are subject to Headache, Defective Memory, Gloomy Forebodings, Nervousness, Fevers, Drowsiness, Irritable Temper and other symptoms, which unfit the sufferer for business or agreeable associations. Regular habit of body alone can correct these evils, and nothing succeeds so well in achieving this condition as Tatt's Pills. By their use not only is the system renovated, but in consequence of the harmonious changes thus created, there pervades a feeling of satisfaction; the mental faculties perform their functions with vivacity, and there is an exhilaration of mind and body, and perfect heart's ease that bespeaks the full enjoyment of health.
